Eric Akrie
 21343 E. Prentice Place, Centennial, CO 80015
MANAGER OF IT OPERATIONS
 Project Management / Network Infrastructure / Applications / Budgets / Expansion Support
 Multi-site / Migrations / Integration / System Design / Customer & Vendor Relations / Security
 Managing cost-effective IT operations for growing companies, I planned and delivered technology infrastructure programs to support rapid growth and effective change. Additionally, I built solid relationships with management, IT support, and strategic partners to ensure company IT systems were efficient and supported company goals. My key skills include...

- Directing infrastructure planning and implementation
- Driving IT solutions under tight deadlines and budget
- Training and coaching cross-functional teams
- Overseeing application troubleshooting and technology
- Setting and meeting performance expectations, supporting business objectives

I am completing courses for a BSIT in Network Security from the University of Phoenix with graduation expected in Spring of 2011. My strong communication and leadership skills allow me to build exceptional teams and motivate others to top performance. Results-driven and detail oriented, I identify innovative solutions to resolve difficult problems.

SELECTED ACCOMPLISHMENTS

Directed communication system upgrade. Digital phone system needed to be replaced to facilitate increased capacity to support company growth. Researched options and prepared proposal outlining specifications, advantages, drawbacks and cost for each option. Secured approval and installed new \$200K VoIP system on time and budget.

Oversaw successful network migration. Novell network infrastructure needed to be upgraded and replaced to a Microsoft network infrastructure. Led team in planning and implementation of entire migration. Completed project over one weekend, ensuring seamless transition to new system on Monday with zero data loss.

Directed e-mail system overhaul. Groupwise system from Novell needed to be transitioned to Microsoft Exchange system. Created plan to complete process and directed team to implement steps throughout the project, accomplishing complete transfer of all e-mails to new system within project timeline and within budget.

Ensured smooth transition of IT during renovation. Two company buildings needed to be remodeled to accommodate growth. Designed plan to move staff to temporary site with minimal system downtime. Completed first move over weekend with two hours downtime and finished move back to remodeled buildings during weekend with only six hours downtime.

CAREER HISTORY

Medical Group Management Association (MGMA) – A \$25M Association for Health Care Administrators
 Senior Manager, Infrastructure and Networking, 2001 to 2010. Promoted to direct daily operations of network and IT infrastructure. Collaborated across all business units to lead technical and non-technical projects. Led implementations of software and hardware upgrades. Managed help desk. Oversaw \$300K budget and five staff.
 Network Engineer, 1998 to 2001. Promoted to oversee remote access using VPN through firewall. Managed local and wide area network between Denver and Washington DC Offices. Monitored network for intrusion and denial service attacks. Directed resolution efforts on all network problems. Provided ongoing training for all staff on systems.
 Network Application Administrator, 1996 to 1998. Recruited and promoted to administer Cisco phone system and all Novell and Microsoft Servers including updates. Directed company e-mail services including maintenance of routes and switches. Ensured smooth operations of systems company-wide.
 PC Support Analyst, 1992 to 1996. Maintained all computer, printer, fax and copier equipment. Oversaw all audio visual equipment usage and maintenance. Directed network and data backup, recovery and archiving. Managed and maintained all hardware inventory. Organized and updated procedures on proper usage of equipment.
 Additional interests: I enjoy snow skiing, playing recreational basketball and family activities.
