Joseph P. Higbee Page 1 of 2

440 Meadowlark Drive  
Whiteland, Indiana 46184  
Joseph P. Higbee

**Objective**

Seeking Systems Administration, Network Administration, Tier II/III Network/Software/Computer Support, IT Management or related position

**Experience**

Aug 2008 - Present Covance/IBMBlue Direct Indianapolis, IN

User Access Administrator (Full Time 40+)

**Duties:**

User access and account administration across various systems including Windows Server 2000, 2003, 2008, Active Directory, MS Exchange 5.5, 2003, Unix, VMS, Novell Netware, remote access, and several proprietary, internally developed applications. Managing highly sensitive accounts and permissions for network, file, database, and application access. Utilizing ManageNow software for tracking and documenting changes in a highly regulated and managed environment.

Feb 2000 - Feb 2008 The Broadbent Co. Indianapolis, IN

Information Technology Administrator (Full Time 40+)

**Duties:**

Network and Windows NT4/2000/2003 Server Administration of 10 servers, Exchange 2000/2003, and VM servers utilizing MS Virtualization, backup administration utilizing Arcserve and Backup Exec; installation, configuration, maintenance and support; including Client Support for levels Tier I, II, and III for approx. 100 client computers and approx. 20 field laptop users. Perform server installation, configuration, maintenance, application installation and configuration, account maintenance, and client system support. Additional duties include installation, configuration, maintenance and support of: Norstar phone system; Sonicwall and Watchguard firewall appliances; remote office retail workstations for self storage facilities; network backup devices; and Intel and AMD based workstations. Other duties include team management of 2 team members, consultation on IT planning, processes, and budgeting; data and network security; data recovery; encryption/decryption; research, reporting, purchasing, policy development and implementation; and documentation of policies and procedures. Experience and knowledge equivalent to MCSA and MCITP.

Mar 1999 - Dec 2000 Symex Network Solutions, Inc. Indianapolis, IN

Systems Administrator (Full Time 40+)

**Duties:**

Windows NT4 Network Administration and Client Support at levels Tier I, II and III for 16 client companies exceeding 260 users. Performed server maintenance, application installation and configuration, account maintenance, and client system support. Provided remote administration and support utilizing remote control software such as Carbon Copy 32 and SMS 1.2 and SMS 2.0. Also performed virus, security, and system updates utilizing the packet delivery system component of SMS. Systems and applications supported include: Novell and Windows NT4 Server networks; client systems including Windows for Workgroups, 95, 98, NT4, and Macintosh clients; server applications including BackOffice Suite 4.5; and numerous client-server based applications.

Utilized HEAT trouble-ticket software for tracking and documenting client and system issues.
