Michael W. Bitton  
1427 Shady Lane Apt 706 Bedford TX 76021

**Objective**

To utilize my skills with various operating systems and methodologies to provide exceptional support and assist my employer in meeting and exceeding their IT goals.  
Computer skills

**Programming Languages**

Proficient in: HTML, ASP/ASP.NET

**Architecture**

Database: Microsoft SQL Server, MySQL Server and Microsoft Access, ODBC

Security: Antivirus, spyware/malware/rootkit removal

Networking: Cisco/Netgear routers, wireless routers/access points, firewalls, VPN's, NAT, DNS, DHCP, FTP, RF Data Collection.

Platforms: Microsoft Windows (up to SBS 2008 and Windows 7), Active Directory, Group Policy, MS Exchange 2000-2008, IIS, File and Print services  
Experience

**Network Technician**

7/2010 – 2/2011

**Simplified Computers, Champaign IL**

Provide IT support for various companies and home users, including networking, server setup/maintenance, virus/malware diagnosis and removal, installation and configuration of new equipment (servers, workstations, laptops, wireless components, printers.) Performed data recovery on failed machines. Managed satellite branch, including opening/closing procedures, maintaining work flow, invoicing customers, and managing store inventory.

**Network Technician**

2/2009 – 7/2010

**Area Wide Technologies, Champaign IL**

Provide network support for multiple clients. Configure email solutions, both hosted and onsite using Microsoft Exchange. Performed advanced network, hardware and software troubleshooting. Installed and configured firewalls and VPNs for increased security. Identify security weaknesses and provide solutions to customers' systems. Implement and monitor remote backup strategy for fault tolerance/disaster recovery. Responsible for corporate web department and assist customers with web projects including data-driven (MSSQL and MySQL) websites.

**Systems Administrator**

10/2002 – 2/2009

**Central States Distribution, Danville IL**

Maintained multi-server environment, including Active Directory, MS Exchange, firewalls, and database servers. Ensured all workstations and servers were kept up to date. Installed and maintained custom applications for various departments. Designed and implemented a disaster recovery and backup plan for all critical systems and their components. Designed, installed and maintained radio frequency network for increased efficiency in WMS.

**Education**

ITT Tech, Murray, UT, Associate of Applied Science, Computer Technology – 2001  
Microsoft Certified Professional – 2003  
Disaster Recovery Training – 2004
